

Gazette: Fillmore Space Receives Final Approval

By Janel Davis

Also Tuesday, the council voted 7 to 2 to recommend that Leggett accept donated land in downtown Silver Spring for a Fillmore music venue.

The land, donated by the Lee Development Group, will be used as the company's public amenity space in advance of a future project on adjacent land.

With the council's approvals, the venue is expected to open in 2011.

The council approved two land-use bills last week clearing a major hurdle for the project.
